

Texas Public Schools and Charters, Explanation of Symbols and Terms

County, District, Region, School

The information on Texas public schools is arranged by counties, school districts (with education service center [ESC] region number following), and schools. Addresses, telephone numbers, and zip codes are shown immediately following the counties and school districts.

County-District-School Number

These columns show the identification numbers used by the Texas Education Agency (TEA) for Texas counties, school districts, and schools. The counties of the state are numbered from 1 through 254 in alphabetical order. In 2017-18, there were 1,217 educational entities with TEA-assigned school district numbers.

TEA-assigned school numbers are unique identification numbers only; they do not denote school types (e.g., elementary school, junior high school, high school). Schools are numbered from 001 through 698. Schools are categorized as: regular instructional; alternative instructional; juvenile justice alternative education program instructional (JJAEP); disciplinary alternative education program instructional (DAEP); charter/regular instructional; charter/alternative instructional; charter/JJAEP instructional; or charter/DAEP instructional.

^aSpecial Education school counts are included in the elementary/secondary school counts.

County and District Superintendents, Principals

The names of county superintendents, district superintendents, and school principals are shown opposite the administrative units they supervise.

Grades

This column shows grade levels taught, including early education (EE), prekindergarten (PK), kindergarten (KG), and ungraded (UG).

Enrollment

This column shows the fall 2016 enrollment for each school district and school. If the school configuration for a district changed for the 2017-18 school year, the school counts may not add to the district total. Revised school configurations for 2017-18 are received in the summer of 2017. When enrollment is fewer than five students or could be imputed from district totals, the count is masked with a dash (–) to protect student anonymity.

Appraised Valuation and Tax Rates

Appraised valuation is in thousands. Tax rates are per \$100 of appraised valuation. Values are those reported by districts in their 2016-17 official budgets.
